

the 1990s, the number of people in the world who are poor has increased by 1 billion.

There are a number of reasons why the number of people in the world who are poor has increased. One reason is that the world's population has grown rapidly. Another reason is that the world's resources are being depleted. A third reason is that the world's economy is not growing fast enough to create enough jobs for all the people who need them.

There are a number of things that we can do to help reduce the number of people in the world who are poor. One thing we can do is to help the world's economy grow faster. Another thing we can do is to help the world's resources last longer. A third thing we can do is to help create more jobs for the people who need them.
